Report on Energy Conservation Week

Think Green, Do Your Part ,Conserve Energy' was the message of Energy Conservation week celebration by students of class III and IV from 31st January to 2nd February, 2019.

Its main objective was to promote conscious effort towards saving and conserving the energy resources.

Various activities like essay writing, slogan writing, skit presentation were conducted, power point presentation and videos were shown for the awareness of the energy conservation. All the events mainly focused on how we could get the maximum utilisation of energy by judicious use of energy.

Students also took a pledge to reduce their demand and usage for the energy. It emphasized the role of each one to create an impact on the environment and save our mother Earth by adopting various eco-friendly measures of conserving energy.
